

## A2 BEAN AND EBBSFLEET JUNCTION IMPROVEMENTS

### Publication of Statement of Community Consultation

**HIGHWAYS ENGLAND is developing proposals to improve the A2 Bean and Ebbsfleet junctions in Kent to help improve journey times, increase safety and support local and regional economic growth.**

At the A2 Bean junction, the proposed scheme will include the addition of a new bridge for southbound traffic, upgrades to the roundabouts north and south of the junction and an additional slip road for eastbound traffic. Proposed improvements to the A2 Ebbsfleet junction include enlargements of existing roundabouts, widening of the road between the roundabouts to a dual carriageway and widening of slip roads.

We wish to hear the views of people living in the vicinity of the proposed scheme before making an application for a Development Consent Order (DCO). Our statutory pre-application **community consultation will take place between 21 February and 4 April 2018.**

We have published a **Statement of Community Consultation ("SoCC")**, which explains how we will consult with the local community and how people can provide their feedback to help shape our proposals.

The SoCC is now available to view or download free of charge from Highways England's website at:  
[www.highways.gov.uk/a2be](http://www.highways.gov.uk/a2be).

Copies of the SoCC may also be requested using our contact details provided below, or can be inspected free of charge throughout the consultation period during normal opening hours at these locations

- **Dartford Borough Council**, Civic Centre, Home Gardens, Dartford, DA1 1DR
- **Swanscombe and Greenhithe Town Council**, The Grove, Swanscombe, DA10 0GA

We will be holding public information exhibitions during the consultation period at the following locations and times:

## Section 48 - Planning Act 2008

### A2 Bean and Ebbsfleet Junction Improvements Scheme

#### Notice publicising a proposed application for a Development Consent Order

#### Regulation 4 Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009

Notice is hereby given that **HIGHWAYS ENGLAND COMPANY LIMITED** of Bridge House, 1 Walnut Tree Close, Guildford, GU1 4LZ ("the Applicant") proposes to make an application ("the Application") under section 37 of the Planning Act 2008 to the Secretary of State for Transport for a Development Consent Order.

The Application is for the proposed A2 Bean and Ebbsfleet junction improvements scheme, located within the administrative areas of Kent County Council, Dartford Borough Council and Gravesend Borough Council.

The proposed scheme is needed to reduce congestion, improve safety and support planned growth. In summary:

- At Bean junction the existing layout will be retained with the current roundabouts enlarged and controlled by traffic lights. There will be a new bridge over the A2 for southbound traffic (situated to the east of the existing Bean Lane overbridge, which will be retained for northbound traffic) and a new slip road on to the A2 for eastbound traffic.
- At Ebbsfleet junction the proposals broadly follow the existing road layout with enlarged roundabouts controlled by traffic lights, the road between the roundabouts will be widened to a dual carriageway, slip roads to the A2 will be widened and slip roads from the A2 will be retained. A comprehensive package of environmental mitigation and compensation measures is proposed.

**Consultation on the proposals will take place from Wednesday 21 February until 23:45 on Wednesday 4 April 2018.**

#### Preliminary Environmental Information Report (PEIR)

The scheme is an Environmental Impact Assessment development ("EIA development"), as defined by the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which an Environmental Impact Assessment will be required. An Environmental Statement will therefore be submitted as part of the application. Preliminary Environmental Information ("PEIR") will be published as part of the consultation materials.

#### Consultation materials

Copies of the consultation materials, which includes a consultation brochure containing plans and maps showing the nature and location of the proposed scheme and the PEIR, will be available during the consultation period online at [www.highways.gov.uk/a2be](http://www.highways.gov.uk/a2be) and for inspection free of charge during the consultation at the following locations and times:

All comments must be received no later than **23:45 on Wednesday 4 April 2018**.

Highways England will consider and have regard to all responses when developing the Application for a Development Consent Order, once the consultation has closed. Responses will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Secretary of State when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report.

If you would like further information about this notice, the consultation or the scheme, please contact the project team by using one of the contact methods provided above.
