

A417 Missing Link

About the consultation

We've been developing plans to improve the A417 Missing Link since 2015, and every step of the way we've sought your input and feedback on our proposals.

In autumn 2019 we held a public consultation, which asked for your views on our detailed proposals. We heard from local communities, the wider public, businesses and interested groups, with more than 2,100 people attending our public information events to talk to the project team about the project, and over 900 people giving us formal feedback on the consultation.

As a result of your feedback, we've made some improvements to the scheme, which will further benefit local connectivity and accessibility and reduce the scheme's impact on communities, the environment, and the local landscape.

As part of the planning process, we're required to consult on changes to our project design before submitting our Development Consent Order application to the Planning Inspectorate.

Our consultation is taking place between 13 October and 12 November 2020.

Please respond by 11.59pm on Thursday 12 November 2020.
