

# A417 Missing Link

Feedback form  
15 February - 29 March 2018

Highways England is seeking your views on options to upgrade the A417 Missing Link between the Brockworth bypass and Cowley roundabout. This form is to help you give us feedback on our proposals during our public consultation, which is running from 15 February to 29 March 2018.

We have prepared a public consultation brochure which sets out our proposals for the A417 Missing Link. We recommend that you read the consultation brochure and supporting documents, or visit one of the consultation events, before completing this feedback form.

Consultation materials and details of events can be viewed online at [www.highways.gov.uk/a417-missing-link](http://www.highways.gov.uk/a417-missing-link) or requested free of charge from Highways England by phoning **0300 123 5000**.

## How to tell us your views

Feedback can be sent through any of the channels listed below. The deadline for responding is by the end of Thursday 29 March 2018.

- **FREEPOST A417 MISSING LINK** (please note that the address must be written in capital letters and you do not need a stamp)
- An online version of this feedback form is available at: [www.highways.gov.uk/a417-missing-link](http://www.highways.gov.uk/a417-missing-link)

## What we are consulting on

During this stage of consultation, we would particularly like to hear your views on the following topics to help us as the project goes forward:

- our proposed route options to upgrade the A417 Missing Link
- any information relating to the local area, specific issues you would like to see us address or any concerns you have about the potential impact of our proposals

## The proposed option

We have assessed over 30 route options to find a solution for improving the A417 Missing Link. Based on the evidence of our assessments to date, we are proposing to take route Option 30 forward for further design and assessment work. It comprises of:

- a 3.4-mile surface route following the alignment of the existing A417 at Crickley Hill
- a new section of road through Shab Hill to the east of the existing A417 to Cowley roundabout
- a new junction at Shab Hill and a roundabout on the existing A417 close to Barrow Wake to ensure local connections are maintained

### Question 1 To what extent do you agree with our proposed Option 30?

Please tick appropriate boxes ✓

Strongly agree

Agree

Neither agree nor disagree

Strongly disagree

Don't know

I prefer Option 12

Please provide any comments to support your answer to question 1 in the box below

## Option 12

Our assessments also indicated that Option 12 falls within the scheme's cost range (£250 million - £500 million) and is being presented as an affordable alternative to Option 30. This is similar to the Brown Route previously proposed as a solution.

- a 4-mile surface route reusing sections of the existing A417 on Crickley Hill and Birdlip
- three new junctions – a replacement for Cowley roundabout and two new junctions at Birdlip and north of Barrow Wake
- new sections of road at Nettleton and Emma's Grove complete the route

**Question 2** Do you have any comments to make in relation to Option 12? We will take these in to consideration as we develop the scheme.

## Other options

**Question 3** As part of identifying route options, we've assessed over 30 options, including 6 as part of our further appraisal work. Do you have any comments on any of the other options included in the assessment?

**Question 4** Is there anything further you would like us to consider in relation to improving the A417 Missing Link?
