

National Highways is proposing to improve the A46 Newark Bypass by widening 6.5km of the existing single carriageway to a dual carriageway, to provide two lanes in each direction between Farndon and Winthorpe roundabouts near Newark-on-Trent. We intend to make an application to the Secretary of State for Transport under section 37 of The Planning Act 2008 for a Development Consent Order to authorise construction and operation of the scheme.

Before making our application, we must produce a Statement of Community Consultation setting out how we will consult the local community about our proposals. We must also make the statement available for inspection by the public and publish this notice stating where and when the statement can be inspected. We must carry out public consultation in accordance with the statement.

This notice contains a summary of the consultation details. However, full details of the consultation can be found in our Statement of Community Consultation, which can be viewed online at:

[www.nationalhighways.co.uk/a46-newark-bypass](http://www.nationalhighways.co.uk/a46-newark-bypass)

This will be available throughout our consultation period, which will run from **26 October 2022 to 12 December 2022**. Printed copies of the Statement of Community Consultation are available upon request. Any person may comment on the proposals. When providing your response, please include your name and address or, if you would prefer your comments to be anonymous, your postcode only. Please also confirm the nature of your interest in the scheme. Responses can be submitted by:

- Completing our consultation response form on the scheme webpage online at:

[www.nationalhighways.co.uk/a46-newark-bypass](http://www.nationalhighways.co.uk/a46-newark-bypass)

- Completing a copy of our printed consultation response form and posting it to us using the freepost address:  
**Freepost A46 NEWARK BYPASS**

- Completing a printed copy of our consultation response form and giving it to a member of staff at one of our consultation events

Responses must be received between 26 October 2022 and 12 December 2022.

Printed copies of our consultation brochure and consultation response form will be available free of charge at deposit locations and consultation events, listed in the tables below, throughout the consultation period. Copies of other consultation documents and plans will be available online and for inspection only at our consultation events, where you can also speak with the project team and share your views. Printed copies of consultation documents can also be supplied on request, but there may be a charge applied in certain cases to cover the cost of printing and postage.

The scheme is an Environmental Impact Assessment development, which means a Preliminary Environmental Information Report has been produced to describe the environmental effects on the scheme and is being consulted on alongside the other public consultation documents. It also means that an Environmental Statement will be produced and submitted with the application in due course.
