

Notice of Consultation

A585 Windy Harbour to Skippool scheme

Section 47 Planning Act 2008

Notice Publicising a Statement of Community Consultation

Highways England is planning to deliver capacity enhancements to the Strategic Road Network whilst reducing congestion on the existing A585 through little Singleton, Shard and Skippool junctions. This will include upgrading the section of road from Windy Harbour junction to a dual carriageway, then moving on to a new stretch of road, bypassing Little Singleton and creating a new junction with the A586 Garstang Road East, before tying back in to the existing road at a new junction east of Skippool. The scheme would reduce the impact of traffic on the local community and remove a major bottleneck on this route.

We intend to make an application to the Planning Inspectorate under section 37 of The Planning Act 2008 for a development consent order to authorise construction of the scheme.

Before making our application we must produce a document called the Statement of Community Consultation setting out how we will consult the local community about our proposals. We also must make this statement available for inspection by the public and publish this notice stating where and when the statement can be inspected. We then must carry out consultation in accordance with the statement.

This notice contains a summary of the consultation details. However, full details of the consultation can be found in the Statement of Community Consultation. This can be viewed along with our consultation materials, online at:

<http://roads.highways.gov.uk/projects/a585-windy-harbour-to-skippool/> or at the following deposit locations from the start of our consultation period 21 March to the 8 May. **Please note:** Consultation materials will be available from the start of the consultation date on the website and deposit locations, as detailed, not in advance.

Tuesday 10 April 2018
15:00-20:00

Fleetwood Nautical Campus
Broadwater
Fleetwood
FY7 8JZ
Wednesday 11 April 2018
13:00-19:00

The scheme is an Environmental Impact Assessment development, which means a Preliminary Environmental Information (PEI) Report has been produced (to describe the environmental effects of the scheme) and is being consulted on alongside the other consultation documents. It also means that an environmental statement will be produced and submitted with the application in due course.
