

# Trans-Pennine Upgrade Programme

## Your input means a lot to us

**Our Trans-Pennine Upgrade Programme is part of a £15 billion government investment in motorways and A roads as part of its 2014 Road Investment Strategy.**

The programme will improve journey times, tackle congestion, reconnect communities divided by busy roads and reduce incidents between Manchester and Sheffield.

We're now launching the public consultation on the upgrade and its shortlisted options. We'd like to hear your views as well as views from local businesses and those who may have specialist knowledge that may help us to improve the options.

The information will help us refine the proposals further and choose which options to take forward to the next stage of design.

**The consultation will run for four weeks, starting Monday 13 March and closing Monday 10 April 2017.**

To find out more about the programme, come visit us at one of our consultation events (details opposite).
