

# Lower Thames Crossing DCO Material Change Consultation

## Consultation response form

### **National Highways is seeking feedback on proposed changes to the Development Consent Order (DCO) for the A122 Lower Thames Crossing.**

The proposed changes relate to environmental mitigation measures associated with the M25 between junctions 26 and 27 and the protection of the integrity of the Epping Forest Special Area of Conservation (SAC). The changes would not affect the design or construction of the road or tunnel.

Scan the QR code above or visit [nationalhighways.citizenspace.com/ltc/material-change-consultation](https://nationalhighways.citizenspace.com/ltc/material-change-consultation), where you'll find further information about the proposals and an online response form.

Your views are important to us and will help inform our next steps. Please use this form to provide your comments on the proposals. The provision of contact details is optional and your comments will still be considered if provided anonymously.

### Consultation question 1:

Do you have any feedback on the proposal to remove the requirements for a reduced speed limit on the M25 between junctions 26 and 27 and for the monitoring of nitrogen and other air pollutants in this area, instead creating compensatory wood pasture to support the long-term resilience of Epping Forest Special Area of Conservation (SAC)?

### Consultation question 2:

Do you have any comments on the way we have carried out this consultation? Yes/No

If yes, please provide details below:

This response form can be submitted by post to: Material Change Consultation, Lower Thames Crossing, Pilgrims Lane, Chafford Hundred, RM16 5UZ, or by emailing [consultationresponses@lowerthamescrossing.co.uk](mailto:consultationresponses@lowerthamescrossing.co.uk).
